

# Blossom Hill Science Fair 2016-2017 Project Feedback

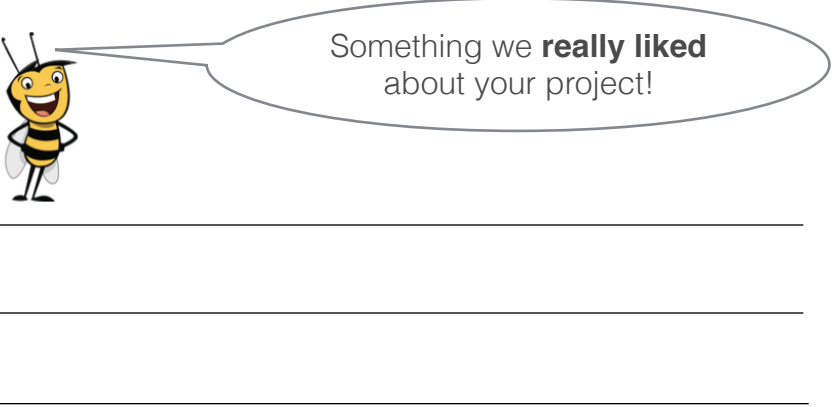

**FEEDBACK FOR A RESEARCH OR INFORMATION PROJECT:** The Blossom Hill Science Fair focuses on the scientific method and our standard feedback criteria were developed with this in mind. Your project did not match these criteria, however we see that much effort and enthusiasm went into your work! So we are using an alternative feedback form for your project.

Name: \_\_\_\_\_

Board Section		✓ Good Job	✓ Room To Grow
<b>Topic</b>	What were you researching? • Clear and specific question • Text easy to read from a distance		
<b>Summary</b>	What was the most important thing(s) you learned or discovered? • Short overview of the key findings.		
<b>Information</b>	What information did you find on your topic? • This can be diagrams, pictures, text or other forms of display • Is the information presented clearly?		
<b>Sources</b>	Where did you find your information? • Should have a minimum of two sources		
<b>Effort</b>	Did this project show a good level of effort? • Was the information complete? • Was there an effort to present it clearly?
